

GAN MENACHEM

“Your child is about to start a journey at Gan Menachem, where they will learn through Torah, enquiry, discovery, play and enjoyment.”

Gan Menachem was founded with an educational approach which recognises and respects the unique qualities of each child. All who join our nursery, both children and their parents, become a treasured member of our family.

Since 2011 we have had the distinct honour of welcoming over 500 children through our doors. Starting with 32 children, we currently have over 80 and a waiting list of well over 50 desperate to join us. We have accomplished an extraordinary amount and are now an established part of the North West London community, serving a vast spectrum of the Jewish community.

In addition to cultivating a nurturing and loving environment where children learn through play, we are inspired and guided by Torah principles and teachings of the Lubavitcher Rebbe and follow the Early Years Foundation Stage. However, more than the strong educational foundations upon we have built the gan, we have strived to build something even more important: a home for our children and their parents. From those whose lives are fully infused with religious observance to those for whom it has yet to play a more prominent part, Gan Menachem has been able to change the lives and inspire everyone to be more fulfilled by their Judaism.

The latest Ofsted inspector was truly impressed by the way in which every child was treated as priority and as unique. She noted the need to make a duplicate “Gan Menachem” to reach even more children.

Our dream is to have a purpose built nursery starting from infancy, to enhance the level of care and quality we can provide for every single child and to create a space for even more families.
